

CITP Applications Through Pathway 5: Example of How-To Summarize Relevant Experience

Updated July 26, 2024

Overview

CITP applicants applying through **Pathway 5 – CITP Exam** are required to have a minimum of 5 years of full-time work experience in a role that is primarily focused on international trade and is related to one or more of the 15 CITP competency categories.

Individuals applying through Pathway 5 must provide a cover letter demonstrating how their work experience relates to one or more of the 15 CITP®|FIBP® competency categories. This document includes an example of how to summarize your experience related to one or more of the competency categories.

CITP Competencies: CITP certification is based on a competency standard that is revised periodically through a process of extensive industry engagement and validation. The *CITP Competency Profile* is derived from the *FITT International Trade Competency Framework* which outlines the depth and breadth of the knowledge, skills, and abilities required of international trade practitioners in an international context. **Important:** Please review the [CITP Competency Profile](#) to ensure proper understanding of each CITP competency category and associated skills and subskills in advance of preparing your CITP application.

Example

Applicants are encouraged to use a similar format to clearly summarize their experience within their cover letter. Only include the category or categories for which you have experience.
